Administrator's Sale.

NOTICE IS HEREBY GIVEN, THAT, IN
pursuance of an order of the Probate
Court of Salt Lake County, Utah, made on
the 23 day of August, 1887, in the matter of
the estate of Abraham W. Taylor, deceased,
the undersigned, the administrator of said
estate, will sell at private sale to the highest
bidder for cash, and subject to confirmation
by said Probate Court, on or after Wednesday,
the 18th day of August, 1887, all the right,
title, interest and estate of the said
Abraham W. Taylor, deceased, at the time of
his death, in or to all that certain
piece or parcel of land, situate, lying and
being in Salt Lake City, and described as
follows, to-wit: Commencing at the north-
west corner of Lot three (3), Block ninety-
three (93), Plat "D," Salt Lake City survey;
thence running east ten (10) rods, south
three (3) rods, west ten (10) rods, north three
(3) rods to the place of beginning.

Terms of sale: Cash.
Bids or offers may be made at any time
after the first publication of this notice and
before the making of the sale. All bids or
offers must be in writing, and left at the
office of S. W. Darke & Co., 110 S. Main
Street, Salt Lake City.
Dated August 2, 1887.

ORE AND BULLION OUTPUT.

A Determined Minority--The Wheat
Prospect--Union Pacific Earn-
ings--The Mines.

Trade has ranged rather quiet during
the past week. Wool remains very
sluggish, and holders are unable to
realize at any figure that would bring
them out even.

Four thousand dollars Utah South-
Extension sold in New York at \$92.
The gross earnings of the D. & R. G.
for the third week in July were \$161,000
against \$140,780 for the same week in
1886; of the D. & R. G. Western, they
were \$28,225 against \$18,025.

A railroad exchange furnishes the
following concerning the Union Pacific:
The statement of the Union Pacific
for June and the first half of the year,
just issued, makes a very gratifying
showing. The expenses for the month
show a decrease of \$223,947.76, which
brings the net gain up to the enormous
sum of \$506,317.29, and this, in turn,
swells the net increase for the six
months to \$1,129,136.53, a showing that
has rarely been equaled in the past his-
tory of the corporation. The figures
in detail are:

MONTH OF JUNE.	1887.	1886.	Inc.
Earnings	\$2,466,827	\$2,221,458	\$245,369
Expenses	1,997,759	1,621,707	376,052
Surplus	\$1,109,068	\$602,751	\$506,317
JANUARY 1 TO JUNE 30--SIX MONTHS.			
Earnings	\$13,021,892	\$11,331,057	\$1,690,835
Expenses	8,898,920	7,777,221	1,121,699
Surplus	\$4,682,972	\$3,553,836	\$1,129,137
Decrease			

A local dealer, asked yesterday as to
the Utah crop of wheat, said the yield
would probably fall short of last year.
Seventy cents was offered for new wheat
in this market.

Ore and Bullion.

The ore and bullion receipts at the
various banks in this city for the week
ending Saturday, August 13th, 1887,
amount to \$118,265.19, against \$213,913.24
for the week previous. They were re-
ported as follows:

By McCormick & Co.:	
Silver and lead ore	\$38,410.00
Nevada ore	1,300.00
Crescent ore	4,500.00
Bainock bars	1,600.00
Total	\$45,810.00
By Wells, Fargo & Co.:	
Base bullion	\$ 10,875.00
Fine bars	8,800.00
Ores	15,000.00
Total	\$34,675.00
By T. R. Jones & Co.:	
Germania bullion	\$ 10,363.24
Ores	27,466.95
Total	\$37,830.19
Total shipments for the week	\$118,265.19

Horn Silver Stockholders Want an In-
vestigation.

Local stockholders of the Horn
Silver mine have become sick of the
manner in which the stock is being
depressed in New York, to say nothing
of the delay on President Franchlyn's
part in accounting for the \$600,000--
the assets of the company loaned him "on
call," and are determined on bringing
matters to a crisis.

The limit of the stockholders' patience
was reached during the past few days.
The stock was recently quoted, 85 cents
asked; 65 bid; next day it fell to 75
asked; 50 bid. On the 8th it suddenly
jumped to 95 cents bid with non
offered, which all looks decidedly queer
in view of the unchanged condition of
things--as far as the public know--at
the mine.

There are in the neighborhood of
30,000 shares of stock held in this city.
Some of the owners being among our
principal money men and stock opera-
tors. Of late, most of these owners, by
mutual agreement, have been sending
their stock on to have it transferred to
their own names, so that they could
have a right to look into the affairs of
the company in which they were
owners.

The bold claims these stockholders
make is first that they suspect the mine
is not being worked for the interest of
all the owners, but for the benefit of
the officials who are manipulating the stock
on the New York market; second, that
they think the mine is capable of doing
much better than it is at present doing
if properly worked; third, that the
\$600,000 of the company's assets
"loaned on call" to President Charles G.
Franchlyn, should be returned at once
to the treasury.

One of the heaviest local owners and
a prominent capitalist, said to a Herald
reporter yesterday: "We have re-
peatedly asked for explanations, in-
vestigations and frequently made threats
of taking legal steps. The last time, we
spoke to Manager Hill he said it would
be useless to attempt to fight a big
company like the Horn Silver. We pro-
pose to see whether minority stock-
holders have not some rights that the
majority are bound to respect. If I
can't look into and know something
about a company in which I own stock,
even if it is only mine share it's time I
knew it that's all. The \$600,000 that was
loaned Franchlyn and which, by reason
of the control he holds, remains silent
about, means \$1.50 on every share of
the stock, more than 50 cents a share
above what the stock could probably be
bought for to-day. Does it not look
considerably like they were depressing
the market for the purpose of buying in
the stock? Suppose they got it all for
\$1 a share, no one would then have the
right to question that \$600,000 loan, and
you can see what they would make out
of it. We want to be assured that the
mine is producing all it is capable of
producing; and that that \$600,000 cash
is safe. If I am not very greatly mistaken,
too, every director who held office at
that time and who allowed that loan to
be made can be made liable, and I
am not sure if the whole thing don't
turn out to be a State's prison affair.
At any rate, we have waited long
enough. Fortunately, the mine and
offices are here in Utah, and I don't
know a better man than Judge Zane to
get the question before, nor a better
time than the present to get the whole
thing aired."

Altogether, it looks as if there might
be some lively developments in Horn
silver, and within the next thirty or
sixty days. The next election occurs
in October.

The Horn Silver during the week sold
100 tons of \$30 ore in the market.

The Week's Market.
At Mr. Hanauer's office, the week is
reported as having been brisk; Bing-
ham has been largely represented; the
new Emma sent down, a lot from Alta;
to the regular heavy outputs of the On-
tario and Daly in the Park, the Cres-
cent, Apex and Sampson add substan-
tial shipment; from Stockton, the
smaller's Monarch, and Brooklyn are
represented, and the Monarch is still
shipping under its contract to Mr.
Hanauer; the Eureka and Bullion-Beck
are doing as well as ever. Tinic
and Nevada and scattering districts
were also represented in the market.
The only stock sale was Daly at \$17.

Apex.
Forty-five tons of fine ore going 49
lead, 87 silver, and selling for \$91 per
ton, made glad the hearts of the
stockholders this week.

Sampson.
A twenty-ton lot of first-class ore is
in the market, but assays are not yet
out.

Bullion-Beck.
A 160-ton lot came up and was sold
yesterday. It went 11 lead, 96 1/2 silver,
and contained some gold.

Tlewauke.
Shaughnessy's old property sent
down two car loads of good silver ore.

Lead Mine.
A 30-ton lot of \$30 galena ore came
down in addition to the regular roast-
ing output.

South Galena.
Mr. Holden's mine sent down a 70-ton
lot, going 43 lead, 28 silver and half an
ounce gold. It sold for \$40 per ton.

Greeley.
This Bingham property had three lots
of 25 tons on the market. It held con-
siderable silver, went well in gold, and
brought from \$30 to \$62 per ton.

Northern Light.
This mine, near the Spanish group,
had a 16-ton lot of low grade ore sold.

Markham.
A 25-ton lot from this new property
went 40 in lead and 11 1/2 silver and some
gold.

New Emma.
One carload of ore comprising several
small lots, brought all the way
from \$35 to \$100 per ton.

Piute.
Reno & Gourlay's Piute County mine
had a lot of dry ore which had con-
siderable silver and gold. Piute ore
bring from \$40 to \$60.

Minnie Moore Improvements.
The Minnie Moore mine has recently
introduced many modern improve-
ments. A new sixty-horse power en-
gine has recently been placed, and
started off successfully. The engine-
room is newly painted and carpeted
with fine Brussels carpet. The electric
light is used throughout the works, and
everything has been placed in a condi-
tion for easy and profitable working.
The management have evinced a de-
gree of enterprise seldom witnessed in a
mining camp, and it bespeaks continued
prosperity for the leading mine of
Alturas.--Bellevue Herald.

The Queen and Carrie Leonard.
Mr. Conklin, asked yesterday for
particulars relating to the two pro-
prietors in which he is so largely in-
terested, said the Queen was looking
well as ever, and turning out the usual
car load per day. They were shipping
west to the Selby works under a con-
tract which runs till the closed of the
year, and one that gives them better
prices than they could obtain east. They
were putting in a good deal of machin-
ery and doing considerable dead work,
so that the dividend question must re-
main in abeyance for the present. The
Carrie Leonard, he said, was looking im-
mense, was turning out good quantities
of ore, and was fast getting on a divi-
dend-paying basis.

Bainock.
The mill has been closed down two
days for repairs, but is now running
smoothly again.

Wrenched His Back.
LYNDONVILLE, Orleans Co., N. Y.,
April 2, 1885.

About a year ago, I imprudently
stepped off the Hudson River cars while
they were in motion. In trying to save
myself from a fearful fall, I wrenched
my back terribly. The next day I could
not walk, and I suffered pain from my
neck to my heels. Various applications
were made, but nothing which was done
abated my suffering. Being anxious to
get up and attend to business, I deter-
mined to place three At-Lock's Pains-
Expellers, one above the other, on my
back. In about an hour and a half
they caused considerable itching. The
pain and soreness sensibly decreased,
and I rested pretty well that night.
The next morning the itching began to
be quite severe under the plaster. To
get some relief, I laid my back well
rubbed crossways over the Plasters. I
was surprised within two hours after-
wards to find the pain and soreness
almost gone. I stayed in bed that day,
and the morning afterwards I got up
and attended to business.

O. Y. PETTMAN.

Dissolution of Partnership.
By mutual consent, the partnership
of Hedberg & Fernstrom is hereby dis-
solved, Aug. Hedberg retiring from the
business, and F. S. Fernstrom assum-
ing all liabilities, and he only is entitled
to collect all bills due said firm.

AUGUST L. HEDBERG,
